Historical analysis:

Problems:
- High costs of social assistance/security
- Sustainable unemployment
- Burden on economic growth

Ambitions:
- Affordability welfare state
- Structural full employment
- Stimulating economic growth

Possible solutions

Radical Income security
BASIC INCOME GUARANTEE
- Less bureaucracy
- Disastrous for GNP and welfare

Radical job security
JOB GUARANTEE
- Higher GNP and welfare
- In accordance with market economy?

Assumption:
Policy of job guarantee is recommended

Research Product:
an econometric simulation model
