cooperation between
Mondragón & Groningen

Deepening and strengthening the relationship, collaboration and partnership between:

**Mondragón Corporación Cooperativa**
- Leading and historical example of a worker cooperative
- Founded in 1956 in Arrasate/Mondragón

**Gebiedscoöperatie Westerkwartier**
- Innovative and modern regional cooperative
- Founded in 2013 in Westerkwartier, Groningen

**Goals:**
- International quadruple helix research and collaboration capacity and infrastructure
- Strengthening collaborative ties between the regions and cooperatives
- Together, leading the transformation of relevant EU-policy, missions and challenges

**How:**
- Quadruple helix wide collaboration, knowledge exchange and research
- Hands-on, interdisciplinary research
- Exchanging exemplary student researchers
